A special thank you to Maddie’s Fund, whose support made the development of this resource book possible.

About the Animal Care and Control Team of Philadelphia Maddie’s Shelter Medicine Internship:

The Animal Care and Control Team of Philadelphia Maddie’s Shelter Medicine Internship is a 1-year specialty internship for advanced training in shelter medicine. The internship is made possible through a partnership between Penn Vet’s Shelter Medicine Program and the Animal Care and Control Team of Philadelphia, the region’s largest open-admission animal shelter with funding support from the Maddie’s Fund.

*Penn Vet and ACCT Philly are not responsible for inconsistencies in pricing or availability. Pricing and programs are subject to change at any time. This book is meant to be a reference tool for investigating community resources. Anyone using the book should directly interface with the listed organization to ensure the program is still available and to confirm pricing and services.
