New Bolton Center Clinical Pathology Send-Out Test Request Form Phone number 610 – 925 – 6250

Fax number 610 – 925 – 6805

Time of sample collection		
	AM / PM	
Time sample is submitted to the lab		
Time report was received back and processed		

TESTS		Equine Arteritis Virus SN (S) 5135	Cornell	Required Information
EPM – SAG 1 (S,CSF)	Antech	Estrone Sulfate (S)	Cornell	Animals History
EPM – IFAT WB (S,CSF) 5137	Davis	Lawsonia Intracellularis PCR (F) 5161	Minn.	
EPM-SAG 2,3,4 (S) 5111	EDS	\ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \		
EPM-SAG 2,3,4 (CSF) 5112 EPM- SAG 2,3,4 (S & CSF) 5113	EDS EDS	Rotavirus Latex Agg. (Group A) (F)	Cornell	
EPM- SAG 2,3,4 (S & CSF) 5113 EPM Neospora hughesi ELISA (S)		Coronavirus Eq. (L, Feces) 5130	Davis	
5114	EDS	Rotavirus Elisa Latex Agg. Group A (F) 5163	Cornell	
EPM Neospora hughesi ELISA (CSF) 5115	EDS	Muscle Biopsy (PSSM) 5141	Minn	
EPM Neospora hughesi ELISA (S, CSF) 5116	EDS	Flow Cytometry (EDTA whole blood) 5154	KS.State	Type and source of sample(s)
S.neurona Specific Index (S, CSF) Ehrlichia Equi IFA (Anaplasma) (S)	EDS	Platelet/RBC Surface Antibody (EDTA) (*) 5155	KS.State	submitted
Ehrlichia Risticii PHF PCR	TVMDI Univ.	HYPP (hair with roots) 5140	Davis	
(EDTA, Feces) Ehrlichia Equi PCR (EDTA whole	Ky.	Eq. Blood Typing/Antibody screen (ACL S)	, Davis	
blood) 5138 Potomac Horse Fever (IFA) (S) 5132	Davis Cornell	EHV 1-4 PCR (EDTA whole blood, nas swab)	al Colorado	
Pre – Purchase Drug Screen (40ml hep. whole blood) 5128	Cornell	EHV – 1 SN (CSF, S) 5146	Colorado State	Send Outs (not found on this form)
ACTH, Insulin, Cortisol, T3, T4 (L, R) (*) 5126	Cornell	EHV – 1 SN (CSF, S)	Cornell	
ACTH, Insulin, (L) (*) 5121	Cornell	EHV – 3 SN (S) 5147	Colorado State	Preferred reference lab
ACTH (EDTA) 5117	Cornell	EHV – 4 SN (S) 5148	Colorado	
Insulin (EDTA, S) 5119 Cortisol (EDTA, S) 5122	Cornell	EHV-1-4 PCR (EDTA whole blood,	State Colorado	-
$T_3 (S) \qquad \qquad 5122$	Cornell	nasal swab) 5149	State	Method of testing (WB, PCR, IFA,
T ₄ (S) 5124	Cornell	EHV – 1 SN (S)	Cornell	etc)
T3 T4 Combo (S) 5125	Cornell	EHV – 4 SN (S)	Cornell	
Leptin (S) 5127	Cornell	Rhodococcus Equi. PCR real time (TTW	ELDS/Davis	
Lyme Multiplex (S) 5108	Cornell	5156 BVD virus PCR (EDTA) 5157	Cornell	1
Lyme Multiplex (CSF) 5109	Cornell	, ,		Fax to:
Strep M ELISA (S) 5133 Strep Equi. PCR (Nasal Swab)	EDS	CAEV C – Elisa (S) 5158	Cornell	
5166	Cornell	Vesicular Stomatitis Virus SN (S)	Cornell	Email to:
Leptospira MAT (S) 5134	Cornell	Virus Isolation (TTW, guttural pouch, nasal swabs)	Cornell	Shipping/Handling Fee (579)
Granulosa Cell Tumor (S) 5150	Davis	Virus 5159	Cornen	ompping/tranding (3/7)
Anti-Mullerian Hormone 5151	Davis	Direct Coombs (EDTA)(*) 5167	Antech	
Stone Analysis (stones) West Nile Virus SN (S) 5152	Minn. Cornell	TIBC – Iron (S) 5160	Antech	Reference Lab Fee (599)
West Nile Virus IgM Capture ELISA (S) 5153	Cornell	Progesterone (S) Separated within two	Cornell	
Immune Function Test. 7 (10ml) green	Cornell	hours. 5144 Testosterone (S) 5145	Cornell	1
tops, no gel, one red 5162		Testosterone (5)	Cornen	1

For speedy and accurate processing, please fill out all the required information on the front of this form.

If the test you are requesting reads PADLS next to the test, do not bring it to our laboratory. Instead, pick up a PADLS request form, fill it out (check other on their form and hand write in the test) then leave the sample and form in the appropriate area for PADLS (micro) to pick up.

If you don't see a test that you would like to request, please request it in the "Send Outs (not found on this form)" area.

If you see a test you would like to request but it is not the laboratory you wish to send it to, please indicate the lab in the "Preferred reference lab" area.

Samples must be in the lab by 5:00 pm. weekdays in order to be processed that same day. Any samples received after 5:00pm will be processed the following day. There are limited Friday afternoon send outs, and no Saturday or Sunday send outs. (This is due to the fact that the reference labs have no one there to receive them on Saturday).

Results will be sent to the clinical lab from the reference labs; we will forward the results on to the clinicians and scan them into the HIS system as soon as we receive them.

(*) These samples must be fresh, drawn and then brought to the lab as soon as possible.

Test Methodologies:

WB – Western Blot

ELISA – Enzyme link immunosorbant assay

PCR – Polymerase Chain Reaction

SN – Serum Neutralization

IFA – Immuno Fluorescent Antibody

MAT – Micro Agglutination AGID – Agar Gel Immunodiffusion

SAG – Surface Antigen

Send Out Sample Requirements:

S – Serum, Red Top Vacutainer

EDTA – Whole Blood/Plasma Purple Top Vacutainer

G – Heparinized Plasma Green Top Vacutainer

ACD – Acid Citrate Dextrose Yellow Top Vacutainer

CSF – Cerebral Spinal Fluid Purple Top Vacutainer Red Top Vacutainer

Syn. – Synovial Fluid Red Top Vacutainer

TTW - Trans Tracheal Wash Purple Top Vacutainer Red Top Vacutainer

F – Feces in cup

U – Urine in cup
