### BIOSECURITY REQUIRED PAPERWORK

To help ensure the health and safety of our equine patients at the Hofmann Center, we require:

1. A copy of a negative Coggins (EIA) test certificate within the last 12 months
2. Documentation of EAV (Equine Arteritis Virus) status within the current calendar year (one of the following):
  - Negative serum titer
  - Negative virus isolation from a semen sample
  - Proof of vaccination, with pre-vaccination negative serum titer

*\*If the stallion is a known EAV shedder, please contact us to make special appointment arrangements.*

If the above documentation is not available, we can obtain and submit appropriate samples for testing during the stallion's first visit of the calendar year.

### SHIPMENT INFORMATION

1. Provide your own transport container or rent a container from the Hofmann Center.
2. Select your shipping method, if applicable:
  - **UPS shipments:**  
UPS is our preferred carrier. Fees can be included as part of your New Bolton Center invoice, or billed directly to your UPS account.
  - **FedEx shipments:**  
Fees can be included as part of your New Bolton Center invoice, or billed directly to your FedEx account.
  - **Commercial Air Transport:**  
Blue Streak Courier Service (610.935.1999) can make all flight arrangements, pick up the packaged semen at the Hofmann Center, and deliver it to the appropriate airport. Advance notice is required.
3. Provide completed airbill for your preferred shipping method, or we can prepare the transport paperwork for a nominal fee.
